

## Hope & Healing Through Spiritual Care

### Hillcrest Hospital

#### **Come. . . Make a difference!**

Are you a person who enjoys providing support and comfort to persons in a time of need? Do you find meaning? in being present with those who are in crisis or pain? Are you willing to learn how to offer spiritual support to hospital patients and their families, while also offering yourself an opportunity to grow both personally and spiritually?

A new Training Class for Spiritual Care Volunteers, **“The Art of Being a Spiritual Presence”**, begins in September. Prospective Spiritual Care volunteers receive 8 hours of training over 4 weeks and commit to volunteering weekly.

For more information, or to set up an interview, call the Spiritual Care office 440-312-3292

**“To heal sometimes, to remedy often, to comfort always.”**

**French proverb**
